dangers, etc. Mental alertness is important because of the need to make fine distinctions and decisions concerning subtle cues to impending danger. Physical and mental demands may change dramatically within a few seconds and tax the maximum of human endurance. Therefore, the employee must maintain a physical and mental state of fitness and readiness that will enable them to handle recurrent contacts and involvement with dangerous and potentially dangerous situations. While performing the duties of this job, the employee is required to maintain the ability to walk up and down stairs, utilize protective equipment, including eye wear, footwear, respiratory aid, hard hat, gloves, and protective clothing, endure moderate exposure to weather, extreme heat and/or cold, wet and/or humid conditions, high level noise intensity, vibration, darkness/poor lighting, moving mechanical parts/hazards, high, exposed places, toxic/caustic chemicals, dirt/dust, odors, and other environmental conditions.

Work Environment:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of the job. While performing the duties of this job, the employee will be subjected to electrical hazards, fire hazards and unsafe conditions and may be exposed to wet and/or humid conditions, fumes, hazardous chemicals and materials, intense heat, extreme cold, natural, and manmade disasters and hazards associated with working in and near traffic. The noise level in the work environment varies from moderate to extreme.

This job specification should not be interpreted as all-inclusive. It is intended to identify essential functions and requirements of the job. Not all incumbents may perform all duties at all times. However, incumbents must be able to perform essential duties, with or without accommodation for disability at any time while holding this position.

EMPLOYEE RESPONSIBILITY

Part-Time Employees:

When a part-time Fire Department employee engages in outside employment, they are required to notify their Fire Chief or Deputy Chief in writing using the Authorization for Outside Employment form (Form 405.01).

The employee shall notify in writing the Outside Employment Status prior to starting the outside employment or within 10 days of a change in their outside work activities.

Full-Time Employees:

When full-time Fire Department employees propose to engage in outside employment, they are required to obtain written approval of the City Manager and their Fire Chief or Deputy Fire Chief in accordance with the following procedures.

The Fire Department employee shall submit a written request for approval of outside employment to their Fire Chief or Deputy Chief using the Authorization for Outside Employment form (Form 405.01). The employee shall submit the written request for approval of the Outside Employment Status prior to starting the proposed outside employment or within ten (10) days of a change in their outside work activities. Any approval is valid only for up to one year. Should the full-time employee continue the outside employment, activity, or enterprise for a longer duration, he or she must make another request following the process herein.

Restrictions and Prohibitions Applicable to All Employees

The following restrictions and prohibitions apply to outside employment by full-time and part-time employees of the Fire Department.

- Employees shall not engage in outside employment of a nature or location that could bring discredit upon the Department or the City.
- Employees shall not engage in outside employment where a conflict of interest, or the appearance of a conflict of interest or the appearance of a conflict of interest arises.
- Employees shall not engage in outside employment of a nature which the City employee has access to City records or correspondence, which is not otherwise generally available to the public.
- Employees shall not use City of Calimesa property to support their outside employment, i.e., computers, office products, telecommunications equipment, etc.
- Employees shall not use and/or reproduce any City of Calimesa video or photographic material to support their outside employment.
- Employees shall not engage in outside employment in any situation, which would require the employee to be in conflict with another governmental agency or the mission of the Fire Department.

PURPOSE

The purpose of this policy is to comply with the requirements of the FEHA with regard to leave and accommodation due to pregnancy, childbirth and related medical conditions, in accordance with California Government Code § 12945.

POLICY

The City of Calimesa provides leave and accommodation for eligible employees as required by State and federal law, due to pregnancy, childbirth and related medical conditions. The City's policy regarding pregnancy disability leaves and accommodations is set forth in Rule 37 of the City's Personnel Rules and Regulations.

It is also the policy of the Department to provide options for a pregnant firefighter to remain working in a full-time capacity performing full-duty assignments or alternative duty assignments, for as long as reasonably practical

. The firefighter and her physician shall make the decision of when the firefighter should take a position of light duty, upon written recommendation of her physician. If an employee is temporarily unable to perform her job because of her pregnancy, the Department shall treat the pregnant employee the same as any other temporarily disabled employee to include light duty assignments to the extent available within the Department. This policy shall not prevent the Department from seeking a fitness for duty examination of the firefighter in the same manner as the Department may seek a fitness for duty examination for any other Department employee.

**CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 102.09 Overtime**

11/2023

PURPOSE

The purpose of the Overtime Policy is to establish guidelines of which overtime pay rate shall be offered to Calimesa Fire Department Employees. This policy identifies the use and management of overtime by fire department members.

POLICY

All overtime shall be determined in accordance with the Fair Labor Standards Act (FLSA).

Non-Fire Protection Personnel

For non-fire protection personnel of the Department, overtime shall be determined in accordance with the FLSA and Rule 31 of the City of Calimesa Personnel Rules and Regulations.

Fire Protection Personnel

For eligible fire protection employees (as defined under the FLSA), overtime shall be determined in accordance with the FLSA, including but not limited to, Section 7(k) of the FLSA (29 U.S.C. § 207(k)) and 29 CFR Part 553. The official workweek shall be fifty-three (53) hours duty per week based on a two (2) shift schedule of 24-hours per shift. The work period for purposes of calculating overtime shall be seven (7) calendar days in accordance with Section 7(k) of the Fair Labor Standards Act (FLSA). Overtime is any hour worked over 53 hours in one calendar week.

Section 7(k) of the FLSA (29 U.S.C. § 207(k)) states:

(k) Employment by public agency engaged in fire protection or law enforcement activities

No public agency shall be deemed to have violated subsection (a) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if—

- (1) In a work period of 28 consecutive days the employee receives for tours of duty which in the aggregate exceed the lesser of**
 - a. 216 hours, or**
 - b. The average number of hours (as determined by the Secretary pursuant to section 6(c)(3) of the Fair Labor Standards Amendments of 1974) in tours of duty of employees engaged in such activities in work periods of 28 consecutive days in calendar year 1975; or**
- (2) In the case of such an employee to whom a work period of at least 7 but less than 28 days applies, in his/her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number**

Policy: 102.10 PTO

11/2023

PURPOSE

The purpose of the paid time off policy is to establish guidelines on how Fire Department employees may use their paid time off (PTO) days for illness and other permissible reasons.

POLICY

All paid time off requests are subject to the approval of the Scheduling Battalion Chief and shall be in conformance with Department Procedures. Department members in fire protection positions shall work a 48/96 Hour Work Schedule and will receive ten (10) PTO Days per calendar year.

PTO days may be used as sick time, vacation time, floating holidays, and leave for other personal reasons. During their probationary period, eligible employees may use any accrued PTO Days as sick leave after thirty (30) days of employment and may use accrued PTO for any other purpose after one year of employment. Permissible reasons for sick leave are set forth in the City's Sick Leave Policy contained in Rule 35 of the City of Calimesa Personnel Rules and Regulations.

Fire Department employees must provide notification to the Fire Chief, Deputy Fire Chief or Battalion Chief at least 2 hours prior to shift commencement of the need for time off due to illness or medical emergency.

Further information on the City's PTO policy, sick leave policy, and information on the Healthy Workplaces/Healthy Families Act of 2014, may be obtained by contacting the City of Calimesa Human Resources Department.

**CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION**

**Policy: 102.11 Retirement, Separation, and Extended Leaves of Absence Notification and
Return of City-Owned Property**

11/2023

PURPOSE

The purpose of the Retirement, Separation, and Extended Leave of Absence Notification and Return of City-Owned Property Policy is to ensure that staff members are informed about the retirement and separation process.

POLICY

In the event of separation from the Department for reason of retirement, long-term disability, extended leaves of absence, termination, (voluntary/involuntary) and other reasons for separation from employment, the following policy has been established. The purpose of this policy is to make a member's separation from the Department as pleasant and expedient as possible.

Employees voluntarily separating from the Calimesa Fire Department shall:

- Notify the Fire Chief or Deputy Fire Chief, who will schedule an employee for an interview and provide employee with information on the separation process. Notification should be made at least 30 days prior to anticipated separation if possible.

SEPARATION CHECKLIST

The separation checklist will provide a guide for all personnel leaving the Department. It must be completed and returned to the Fire Department Personnel Officer prior to final processing. It will then be placed in the separating employee's personnel file.

The checklist denotes all the areas the separating employee needs to contact prior to separation, i.e.:

- Human Resources Department
- Deputy Chief
- Assigned Battalion Chief

In the case of voluntary separations, notifications should be made a minimum of 30 days in advance of the projected separation date. This will provide time for both the employee and administration to prepare required forms, request a final performance rating and make all checklist contacts.

Policy: 102.13 Outside Agency Commendations/Critiques

11/2023

PURPOSE

The purpose of the Outside Agency Commendations/Critique Policy is to establish a system of providing evaluation and feedback to outside agencies, which provide assistance to the department at emergencies or cooperate with the department or its members in programs.

POLICY

The evaluation or feedback may be in the form of a commendation for an outside agency member(s) or positive critique designed to improve joint outside agency or department operations.

When it is appropriate that a commendation be prepared for an outside agency member(s), a copy of the commendation shall be forwarded to the office of the Fire Chief.

When a need is identified for critical review of a joint department/outside agency operation/program, the critical review will be coordinated through the department member's Fire Chief. Department members shall not, in any official capacity, critique the operations or programs of an outside agency without the knowledge and approval of the Fire Chief.

VOLUME 1 - ADMINISTRATION
Policy: 102.14 Assignments

11/2023

PURPOSE

The purpose of the Assignments Policy is to establish a system to assign Calimesa Fire Department employees to appropriate assignments.

POLICY

The Fire Department shift assignments shall be comprised of three (3) shifts. For fire suppression employees, each shift will encompass forty-eight (48) continuous hours of on-duty time and followed by ninety-six (96) hours of off duty time. Interns/reserves shall serve shifts of twenty-four (24) continuous hours of on-duty time.

It is the Fire Department's goal all shift vacancies are filled expediently as possible in good faith and in the least disruptive manner as possible.

The Fire Department management reserves the right to assign personnel to any shift assignment considered to be in the best interest of the organization in terms of training, education, personal growth, career development, and organizational needs.

The Fire Department reserves the right to assign personnel to any shift assignment considered to be in the best interest of the organization in terms of training, education, personal growth, career development, and organizational need.

REQUEST FOR SHIFT TRANSFER

As used in this Manual, a "shift transfer" means the transfer of a member from one platoon shift to another shift on a permanent basis.

A Fire Department member may submit to the Fire Chief or Deputy Fire Chief a written request for shift transfer to another platoon shift. The written request shall include an explanation of the member's reasons for requesting transfer to another shift. The Fire Chief or Deputy Fire Chief shall review the request and provide a written response within 30 days. Upon approval of the shift transfer, the new shift shall constitute the member's new permanent shift assignment.

Temporary shift trades are regulated by Policy No. 202.11, Shift Exchange Policy.

VOLUME 1 – ADMINISTRATION
Policy: 102.15 Drug and Alcohol-Free Workplace

11/2023

PURPOSE

Under the California Drug Free Workplace Act of 1990 and the Federal Drug-Free Workplace Act of 1988, the Calimesa Fire Department is committed to providing a drug-free workplace. The Fire Department is aware that substance abuse is a complex health problem that has both a physical impact and an emotional impact on the employee, their family, and social relationships. Substance abuse is both a management and a medical problem. Employees who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from certified professionals before this condition adversely impacts their job performance.

It is the intention of this policy to eliminate substance abuse and its effects in the workplace. While the Calimesa Fire Department has no intention of intruding into the private lives of its employees, involvement with drugs and alcohol off the job can take its toll on the job performance and employee safety. Our objective is for employees to be in a condition to perform their duties safely and effectively, in the interest of their fellow workers and the public, as well as themselves. The presence of drugs and alcohol on the job, and the influence of the substances on employees during working hours, are inconsistent with this objective.

POLICY

The City has adopted an Employee Drug and Alcohol Use Policy – Drug-Free Workplace, in Rule 45 of the City’s Personnel Rules and Regulations. All members of the Calimesa Fire Department, including all employees, interns/reserves and volunteers, regardless of rank, shall comply with the City’s Employee and Alcohol Use Policy - Drug-Free Workplace. Rule 45 is set forth in its entirety at the end of this Policy.

SEARCHING CALIMESA FIRE DEPARTMENT PROPERTY

In accordance with Personnel Rule 45(F) of the City of Calimesa Personnel Rules and Regulations, the Calimesa Fire Department reserves the right to search, without employee consent, all areas and property in which the Calimesa Fire Department maintains control or joint control with the employee, except for employee lockers. The Calimesa Fire Department may notify appropriate law enforcement agencies that an employee may have illegal drugs or alcohol in his or her possession or in an area not jointly or fully controlled by the Calimesa Fire Department. Nothing herein is intended to waive any employee’s constitutional rights.

TESTING

When a supervisor or manager has a reasonable suspicion that any employee is suspected of using or is under the influence of alcohol, illegal drugs, or prescription medications while working, the City of Calimesa or Fire Department Management may request that employee to submit to a drug

or alcohol analysis and submit proof of verification of current valid prescription, in accordance with Personnel Rule 45(D).

CONSEQUENCES OF VIOLATION AND DISCIPLINE

In accordance with Rule 45, employees who refuse to immediately submit to an alcohol and/or drug analysis may be subjected to disciplinary actions up to including termination from employment for insubordination. Employees who engage in the use of, or work under the influence, alcohol, illegal drugs and/or prescription medications without a current valid prescription, may also be subject to discipline up to and including termination from employment.

Probationary employees, and/or interns/reserves who violate this Policy or Rule 45 shall be subject to immediate release from probation or termination without prior notice or right of appeal.

EMPLOYEE RESPONSIBILITIES

Every Department member shall comply with Rule 45 and this Policy, including but not limited to, the following:

- Manage his or her behavior in compliance with this Policy and Personnel Rule 45.
- Be alert on duty and not report to work while his or her ability to perform job duties is impaired due to on or off duty alcohol or drug use.
- Not possess or use alcohol or impairing drugs, including legal drugs and prescription drugs, without a prescription, during working hours, on breaks, during meal periods or at any time while on Calimesa Fire Department or City property.
- Not directly or indirectly sell or provide even legal or prescription drugs or alcohol to any person, including any employee, intern/reserve, or volunteer, while either or both employees are on duty or on Calimesa Fire Department or City property.
- Submit immediately to an alcohol and/or drug test when requested by a Calimesa Fire Department representative as a result of reasonable suspicion.
- Notify superiors when taking medications or drugs that may interfere with a safe and effective performance of duties.
- When requested provide bona fide verification of the current valid prescription within 24 hours of request for any potentially impairing drug or medication identified on drug analysis.

MARIJUANA

Consistent with federal law and the provisions of the California Adult Use of Marijuana Act (Proposition 64), the City of Calimesa does not permit the use, consumption, possession, transfer,

display, sale or growth of marijuana on City-owned or controlled property (including but not limited to buildings, parking lots, parks and recreation facilities and vehicles), while on duty, while conducting official business, or during City- sanctioned or sponsored activity or events, regardless of the location. This is true even if the use of marijuana is for medical purposes authorized and permitted under the California Compassionate Use Act, Proposition 215, or if the use of marijuana for recreational purposes is authorized and permitted under Adult Use of Marijuana Act (Proposition 64). Department employees, interns/reserves and volunteers are prohibited from having any measurable amount of marijuana (including THC and metabolites) in their system while on duty. (AB 2188 updates will be addressed and apply after January 1, 2024)

EMPLOYEE CERTIFICATION OF DRUG AND ALCOHOL-FREE WORKPLACE

Policy: 102.15 Drug and Alcohol-Free Workplace

11/2023

CITY OF CALIMESA PERSONNEL RULES AND REGULATIONS -- RULE 45,
EMPLOYEE DRUG AND ALCOHOL USE POLICY - DRUG-FREE WORKPLACE

A. Policy.

1. *It is City policy that employees shall not be under the influence of, or be in possession of alcohol or unauthorized drugs, while on City property, at work locations or while on duty or subject to being called to City duty, or sell or provide unauthorized drugs or alcohol to any other employee, or to any person while such employee is on duty or subject to being called, nor have their ability to work impaired as a result of the use of alcohol or drugs.*

2. *While use of medically prescribed medications and drugs is not a violation of this policy, failure by the employee to notify his/her supervisor before beginning work, when taking medications or drugs which could foreseeably interfere with the safe and effective performance of duties or operation of City equipment can result in discipline, up to and including termination. In the event there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such medications or drugs, clearance from a qualified physician may be required.*

3. *The City may notify the appropriate law enforcement agency that an employee may have illegal drugs in his/her possession or in an area not jointly or fully controlled by the City.*

4. *Refusal to submit immediately to an alcohol and/or drug analysis when requested by City management or law enforcement personnel, or refusal to submit to a search of personal property if requested by law enforcement personnel may constitute insubordination and may be grounds for discipline, up to and including termination.*

5. *Employees reasonably believed to be under the influence of alcohol or drugs shall be prevented from engaging in further work and shall be detained for a reasonable time until they can be safely transported from the work site. A City-sponsored employee assistance program is available to employees for voluntary consulting or referral.*

6. *All drug and alcohol tests shall be conducted in accordance with the requirements of the Americans with Disabilities Act, the California Fair Employment and Housing Act and any other applicable Federal and/or State statutes and regulations.*

B. Definition of Drugs. *The term "drugs" means over-the-counter drugs; substances controlled by statute or regulation, such as those available only by prescription of a licensed physician, dentist or other licensed practitioner; and illegal or "street" drugs.*

CALIMESA FIRE DEPARTMENT

POLICY MANUAL

VOLUME 1 – ADMINISTRATION

Policy: 102.15 Drug and Alcohol-Free Workplace

11/2023

C. Notification of Drug Use. *An employee who is using an over-the-counter or prescription drug which may impair his/her ability to perform work safely and efficiently must report such use to his/her Supervisor. The employee's supervisor will place him/her in an alternative position, if available, or on leave of absence until he/she is no longer using or affected by that drug.*

D. Alcohol or Drug Test. *When a supervisor or manager has a reasonable suspicion that any employee is using or is under the influence of drugs or alcohol, that employee may be required to submit to a blood, urine or other testing or examination designed to detect such use, and must, within twenty-four (24) hours of request, provide bona fide verification of a current valid prescription in the employee's name for any potentially impairing drug or medication identified when a drug screen/test is positive. If the employee refuses to consent to submit to, or fails to otherwise cooperate in the testing/examination process, the employee will be subject to discipline, up to and including dismissal.*

E. Reasonable Suspicion. *"Reasonable suspicion" to test exists if, based on objective factors, a reasonable person would believe that the employee is under the influence of drugs or alcohol at work. Examples of objective factors, include, but are not limited to: unusual behavior, slurred or altered speech, body odor, red or watery eyes, unkempt appearance, unsteady gait, lack of coordination, sleeping on the job, a pattern of abnormal or erratic behavior, a verbal or physical altercation, puncture marks or sores on skin, runny nose, dry mouth, dilated or constricted pupils, agitation, hostility, confused or incoherent behavior, paranoia, euphoria, disorientation, inappropriate wearing of sunglasses, tremors, an accident involving agency property or equipment, or other evidence of recent drug or alcohol use.*

F. Right to Search. *The City reserves the right to search, without employee consent, all areas and property of the City in which the City maintains joint control with the employee or full control so long as one of the following occurs: the area/property is searched in the employee's presence; the area/property is searched with the employee's consent; a valid search warrant has been obtained; or the employee has been notified that a search will be conducted. The City may enlist the assistance of law enforcement personnel in connection with the enforcement of this policy.*

G. Violation of Policy. *If the test results are positive for drugs or alcohol or if an employee has otherwise violated this policy, the employee may be subject to discipline, up to and including termination.*

H. Assistance Programs. *If an employee has a drug or alcohol abuse problem, the employee is encouraged to seek help through drug and alcohol treatment programs. More information on employee assistance for drug and alcohol abuse is available in the Human*

Policy: 102.16 Tobacco Free Policy

11/2023

PURPOSE

The purpose of this policy is to establish a Fire Department Policy pertaining to tobacco and smoking, and to provide guidelines to regulate tobacco and smoking in Department facilities, and on City property.

POLICY

The Calimesa Fire Department fully supports the concept that all members have a right to work in facilities that are free of pollution, which may affect their health and comfort. Because evidence indicates that smoking and tobacco present severe hazards to health, the department is opposed to smoking and tobacco, and thus supports activities which encourage department members to stop smoking and tobacco use.

GENERAL GUIDELINES

Restrictions on smoking and tobacco are to ensure the health and comfort of others is not compromised by pollution from smoking and tobacco.

SMOKING AND TOBACCO PROHIBITED

Smoking and tobacco use is prohibited on all City property and in all City vehicles and apparatus.

COMPLAINT PROCESS

Employees should direct complaints regarding smoking and tobacco use to their immediate supervisor. All complaints shall be resolved within five days of receipt.

PURPOSE

The purpose of the Department Chaplain Policy is to have a Chaplain available to the members of the Calimesa Fire Department in the event staff needs such services.

APPOINTMENT

The Fire Chief shall appoint the Fire Department Chaplain.

ROLE

The Fire Department Chaplain shall serve on a full-time 24-hour, on-call basis to both internal and external customers of the Calimesa Fire Department. As used herein; "internal customers" include the fire department members and their families; and "external customers" includes any other person involved in a fire incident.

This assistance shall be provided on a generic religious and/or non-religious basis, depending on the needs and/or requests of the member. The Chaplain, at his/her discretion may appoint Assistant Chaplains to assist in this work.

INTERNAL RESPONSIBILITIES

1. Visit fire station.
2. Perform and/or assist with "line of duty" funerals.
3. Perform weddings, baptisms, and funerals when requested by members.
4. Provide confidential counsel to members and refer out to an independent psychologist when appropriate.
5. Member of the Critical Incident Debriefing (CID) Team when activated.
6. Respond to all firefighter fatality or major injury incidents, being available to make or assist with family notifications when requested by Fire Chief
7. Hospital visits to membership, when requested.
8. Be available to Fire Chief and other members of Executive Staff for special assignments.

ADDITIONAL GENERAL DUTIES (as authorized by the Fire Chief or Deputy Chief)

1. Host citizen engine ride-along
2. Community service speeches on behalf of the department
3. Media interviews on behalf of the department
4. Advise Fire Chief on matters relating to the welfare of the department members.

VOLUME 1 - ADMINISTRATION

Policy: 102.19 Critical Incident Debriefing Policy

11/2023

PURPOSE

The purpose of the Critical Incident Debriefing Policy is to institute a system of arranging critical stress debriefing of Calimesa Fire Department staff who are exposed to a particular incident that has the potential to cause stress-related illnesses.

POLICY

Case studies of major incidents where numerous injuries or fatalities occurred have revealed that significant numbers of emergency personnel experienced some form of stress-related symptoms following the incident. Many of these symptoms were transitory and most personnel had no long-term detrimental effects.

These studies, however, have also revealed that a small percentage of personnel do experience some form of long-term detrimental effects resulting from exposure to such incidents. Some of these effects have been delayed, surfacing later after a period of no apparent symptoms.

Without professional intervention, these personnel have experienced declining work performance and deterioration of family relationships, as well as increased health problems.

The objective of this policy is to provide professional intervention (immediately) after major incidents to minimize stress-related injury to Fire Department personnel.

INCIDENTS

1. Fire Department response to incidents that expose personnel to unusually strong emotional involvement may qualify for "Incident Debriefing". The following are examples of incidents that may be selected for debriefing:
2. Serious Injury or Death of a Fire Department Member or Other Emergency Personnel.
3. Mass Casualty Incidents.
4. Suicide of a Fire Department Member.
5. Serious Injury or Death of a Civilian Resulting from Fire Department Operations (i.e. Auto accident, etc.).
6. Death of a Child or Violence to a Child.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 102.19 Critical Incident Debriefing Policy

11/2023

7. Loss of life of a patient following extraordinary and prolonged expenditure of physical and emotional energy during rescue efforts by Fire Department Personnel.
8. Incidents that attract extremely unusual or critical news media coverage.
9. An incident in which the circumstances were so unusual or the sights and sounds so distressing as to produce a high level of immediate or delayed emotional reaction.

ON-SITE MANAGEMENT

Minimizing personnel exposure to these stressful incidents results in fewer stress-related problems. Command should reduce this exposure by rotating personnel and by removing initial personnel from the scene as soon as possible.

Any personnel directly involved in high-stress incidents should be considered as high priority for immediate removal from the scene. Relief from duty for these personnel may also be a consideration. Behavioral health professionals to determine a need for early intervention and debriefing should always evaluate examples 1 through 4.

On-site evaluation and counseling should also be considered for some critical incidents when time and circumstances permit.

ACTIVATION OF THE DEBRIEFING PROCESS

Any Officer may initiate the debriefing process. For serious events, this can be done from the scene by contacting the Fire Chief, and/or Deputy Chief. Company officers whose crew may have experienced a traumatic event may also initiate the debriefing process by contacting their supervising chief officer.

DEBRIEFING ATTENDANCE

Attendance to a debriefing is MANDATORY for all personnel who were directly exposed to the traumatic aspects of an incident or otherwise identified as a person suffering symptoms.

DEBRIEFING

Incident debriefing is not a critique of Fire Department Operations at the incident. Performance issues will not be discussed during the debriefing. The debriefing process provides formats in which personnel can discuss their feelings and reactions and thus reduce

CALIMESA FIRE DEPARTMENT

POLICY MANUAL

VOLUME 1 - ADMINISTRATION

Policy: 102.19 Critical Incident Debriefing Policy

11/2023

the stress resulting from exposure to critical incidents. All debriefings will be strictly confidential.

Several types of debriefings may be conducted depending upon the circumstances of a particular incident. They may be conducted on an individual one-on-one basis or more typically in small groups of not more than 20 members. The following five types of debriefings, singularly or in combination, are most commonly utilized:

- On-Scene or Near-Scene Debriefing
- Initial Defusing: Conducted shortly after the incident. Primarily informational. And update and status report on the incident and related injuries. A brief review of stress related symptoms will be provided by a professional counselor.
- Formal Debriefing Meetings: Conducted within 72 hours of incident. Confidential non-evaluative discussion of involvement, thoughts, and feelings resulting from the incident. Also, discussion of possible stress-related symptoms.
- Follow-Up Debriefing: Conducted weeks or months after incident, concerned with delayed or prolonged stress symptoms, may be done informally.
- Individual Consults: Available at any time, as needed. One-to-one counseling for any concerns related to the incident.

RELIEVING PERSONNEL FROM DUTY

Circumstances of a critical incident may result in a recommendation that individuals or companies be taken out of service. Such decisions may include returning personnel to their station(s) in an out-of-service status and allowing crew(s) to determine for themselves when they are mentally and physically prepared to return to service.

In other circumstances, the crew member(s) may decide that they cannot return to duty, or the professional counselor may recommend relief from duty for the balance of the shift. If this is the case, appropriate steps should be taken to notify the member's spouse, roommates, or family of his/her status, and to provide direction on how they can best assist the member through this difficult time.

VOLUME 1 -ADMINISTRATION

Policy: 102.20 Serious Illness or Injury of Fire Department Members

11/2023

PURPOSE

The purpose of the policy is to outline the responsibilities for communicating Serious Illnesses or Injury of on duty Fire Department Members to their families and other Members of the Department.

The Fire Chief will manage this policy.

CAPTAIN RESPONSIBILITIES:

Shall Immediately notify the Fire Chief, Deputy Fire Chief or Battalion Chief of serious injury or illness.

FIRE CHIEF RESPONSIBILITIES

1. Provide follow-up at the hospital in cases of on-duty injuries.
2. Ensure the Deputy Fire Chief has been notified of serious illness or injury.
3. Contact the City Manager and advise he/she of what has happened.
4. Follow-up with the hospital to estimate time the member will be off and begin coordination of leave management for the injured/ill member.
5. Obtain information about the incident from the captain.
6. Ensure that any on-duty relatives have been notified.
7. Obtain information from personnel records regarding emergency notification, i.e., party to be notified.
8. Initial contacts will be made in Fire Department uniform and in a marked Fire Department vehicle whenever possible.
9. Whenever possible, contacts should be made in person. Out-of-town contacts will be made by phone.
10. Once contact has been made, provide transportation to the hospital for the responsible family member. It may be necessary to assist in arranging care for young children if this is a consideration.
11. While at the hospital, seek assistance from hospital personnel to unite the injured member and the responsible family member and have the doctor explain the member's condition.
12. Provide ongoing assistance/information to the family regarding payroll, sick leave, insurance, etc.
13. Maintain family contact (unless the family specifies otherwise) to provide information to the Department as to the patient's progress.

Policy: 102.21 Bereavement Policy

11/2023

PURPOSE

The purpose of the Bereavement Policy is to establish the notification and reporting requirements for employees requesting bereavement leave.

POLICY

Bereavement leave is available to any employee for the purpose of attending to family needs that arise in connection with the death of a member of the employee's immediate family.

Immediate family shall be defined as: the employee's spouse, domestic partner, child, stepchild, parent or step-parent, grandparent, grandchild, brother or step-brother, sister or step-sister, mother/father-in-law, son or daughter-in law, brother or sister-in law, legal guardian, mother and father of the employee's domestic partner, child or parent of the domestic partner; and person residing in the employee's household as a member of the family. A relative, who, because of family circumstances, has been a parent substitute to the employee, may be considered as a substitute for mother or father in this definition.

Bereavement leave will not exceed two (2) PTO days, one (1) shift.

Policy: 102.22 Disposition of the Personal Effects of Deceased Members

11/2023

PURPOSE

The purpose of the Disposition of the Personal Effects of Deceased Members Policy is to establish a system to ensure the securement and disposition of personal belongings of a deceased Fire Department member at the time of their death.

POLICY

In the event of the death of a member, whether on or off duty, the following steps shall be followed in the gathering and disposition of his/her personal effects:

- The deceased member's vehicle will be secured at the worksite and the keys forwarded to the Fire Chief.
- The Fire Chief will conduct an inventory of the personal effects and make a written record of all items.
- The next of kin will be given priority consideration to receive the property.
- Care should be exercised in selecting a tactful time for delivery of the personal effects to the next of kin.
- Documentation is required indicating the date, time and location of disposition. The name and the relationship of the individual accepting the property will also be noted.

CALIMESA FIRE DEPARTMENT

VOLUME 1 - ADMINISTRATION
Policy: 102.23 Line of Duty Death

11/2023

PURPOSE

The death of any member of the Calimesa Fire Department while on duty, or while undergoing medical treatment for any injury or disease resulting from such duty, is considered a line of duty death. This also includes the death of a Fire Department member while traveling in connection with such duty or while engaged in firefighting or EMS activities off duty.

POLICY

This policy defines the policies and responsibilities to be followed in the event of a line of duty death, and can be escalated in the event of multiple deaths or a number of members seriously injured.

BATTALLION CHIEF /CAPTAINS RESPONSIBILITIES

In the event of a line of duty death, the on-duty Battalion Chief/Captain shall insure that the following occurs:

1. Notify the Fire Chief, the Deputy Chief.
2. Secure the scene of the incident with the assistance of Fire Investigations and Police Department Personnel.
3. Direct City Administration to withhold release of personal data relating to the employee or the death, pending notification of next of kin.
4. Begin to gather all available information concerning the incident and circumstances leading to the death.
5. Assign personnel from Human Resources to assemble as much personal data as possible concerning the deceased. Particular information needed includes name, date of birth, marital status, dependents, and name(s) and addresses of next of kin.
6. Establish a record of all actions, contacts, requests and other pertinent data.

NOTIFICATION OF NEXT OF KIN

Prompt and judicious notification of the next of kin is of the utmost importance in the case of a line of duty death. An official representative of the Fire Department, through personal contact shall make notification, if possible.

The official notification serves to assure the next of kin of the validity of the information and to provide a knowledgeable source of information concerning the death.

The Fire Chief is responsible for the notification of next of kin.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 102.23 Line of Duty Death

11/2023

This official notification must be made before any details of a death are released to the news media.

The Fire Chief should be prepared to assist the next of kin with the immediate emotional trauma associated with the notification. A friend of the family or a clergy member may be of valuable assistance at this time.

The Fire Chief should be prepared to stay with the next of kin until a family member or friend arrives, or as long as requested.

The Fire Chief shall:

- Wear a dress uniform with tie (if time permits).
- Assign a Fire Department member to accompany him/her, also in dress uniform with tie.
- Have an official Fire Department identification card in their possession.
- Familiarize themselves with the circumstances of the death and the personal data concerning the deceased before making the notification.
- Once the notification has been made, the Fire Chief will advise the City Manager. An official announcement may then be made, and details may be released to the news media.

SURVIVOR ACTION OFFICER

The Fire Chief will appoint the Deputy Fire Chief to act as representative in providing liaison with the next of kin. To provide a sense of continuity and familiarity for the surviving family, it may be advantageous in some cases for the Fire Chief to assume the duties of the Deputy Chief. As a direct representative of the Fire Chief the Deputy Chief will receive the full cooperation of the entire Fire Department.

The Deputy Fire Chief is responsible for the management of several important activities. The principal concern is the ongoing welfare of the next of kin. The Deputy Fire Chief will render whatever assistance is necessary to settle the personal affairs of the deceased member and assist the next of kin and immediate family through the crisis. In incidents involving multiple deaths, more than one Officer should be assigned.

SURVIVOR ACTION COMMITTEE

The Fire Chief will need a number of personnel to handle specific aspects of the funeral arrangements and to assist the surviving family.

Family Liaison on call to the surviving family 24 hours per day as a logistical contact. Provides transportation for family and maintains constant communication with the Fire Chief/ Deputy Fire Chief.

Funeral: provides coordination and interaction with:

- The Funeral Home Director
- The Minister and Church to arrange the funeral service.
- The agency responsible for the cemetery.

Procession: arranges and directs the funeral procession.

Resource Management: provides necessary support functions, makes notification to and assists with activities of pallbearers, honorary pallbearers and ushers.

In all cases, the level of Fire Department participation with the funeral arrangements will be at the discretion of the surviving family. In incidents involving multiple deaths, planning funeral arrangements between the surviving families will require the assignment of more than one officer.

PALLBEARERS

The pallbearers for a line of duty death will be eight members of the Fire Department with the family's approval. The family may request certain individuals to act as pallbearers. In the absence of such a request, the Deputy Fire Chief will appoint a friend of the deceased to form the party of pallbearers. The Deputy Fire Chief will coordinate the pallbearers' activities with the Funeral Director.

USHERS

The ushers to be used for church services and visitation will be ten Fire Department members. In the absence of family requests for specific individuals to act as ushers, the Deputy Fire Chief will appoint a friend of the deceased to form the party of ushers.

The Deputy Fire Chief will coordinate the ushers' activities with the Funeral Director.

PERIOD OF MOURNING

Following notification of the next of kin, an announcement will be made informing all members of the line of duty death.

EXAMPLE:

"The Fire Chief regrets to announce the death of (rank), (name) who died in the line of duty." A brief description of the circumstances will follow.

Immediately after the announcement, all flags at the Fire Station and other City Department facilities will be lowered to half-mast and all badges will be shrouded. Flags will remain at half-mast until the day following the funeral, and badge shrouds will be worn for 30 days after the funeral.

FUNERAL/PROCESSION UNIFORM

Members attending the funeral in uniform shall wear dress uniform to include tie and badge shroud.

Members assigned to apparatus stationed along the procession route shall also be in dress uniform to include tie and badge shroud. They will take a position near the apparatus and maintain an orderly, visible, and respectful formation until the entire procession has passed their position.

EMERGENCY NOTIFICATION INFORMATION

The Emergency Notification Card is a confidential record completed by members of the Fire Department indicating next of kin and emergency notification information. This information will be used only in case of an emergency involving a member of the Department and will remain confidential for all other purposes.

Each employee will be asked to complete a card at the time of original employment with the Department. The card will be reviewed annually during the member's performance appraisal. Updates to the information may also be made at any time.

Members of the Fire Department should list at least two persons to contact in case of emergency. These should include immediate family members, close friends, and preferred clergy members, if any. This information should include work addresses and phone numbers where applicable.

Policy: 102.24 Line of Duty Death - Investigation

11/2023

PURPOSE

As soon as possible after a line of duty death has occurred the Fire Chief shall assign an Investigation Team to conduct an investigation of the circumstances of the event. The objective of this team shall be to thoroughly analyze and document the events leading to the death and to make recommendations aimed at preventing similar occurrences in the future.

This policy may also be utilized in the event of a serious accident involving Fire Department personnel that may or may not have resulted in death or injuries.

POLICY

The principal goal of the Investigation Team shall be to identify the causal factors pertaining to the event and to recommend actions that would prevent or reduce the risk of a similar event.

A secondary objective shall be to obtain document and secure evidence, which may be a factor in any regulatory actions or litigation resulting from the incident.

The Investigation Team report shall be separate and distinct from any Fire Cause Investigation. A copy of the Fire Investigation report should be included in the final report package.

The Investigation Team report and all related documentation shall be an internal Fire Department administrative report.

An officer designated by the Fire Chief shall direct the investigation of incidents involving death or serious injury to Fire Department members. The Investigation Team shall report to the Fire Chief.

The Investigative Team shall include the Fire Department Safety Officer.

All members of the Fire Department shall give their full and complete cooperation to the Investigation Team.

THE DUTIES AND RESPONSIBILITIES OF THE INVESTIGATION TEAM

1. Gathering and analysis of all physical evidence relating to the event
2. Written interview summaries of all witnesses with direct or indirect knowledge of the circumstances
3. Documentation of radio traffic, telephone conversations, witness statements, photographs, film, videotape and related information
4. Consultation with persons having special knowledge of the factors involved in the incident, including experts and consultants from the private sector.

5. Liaison with other agencies involved in investigation of the incident.
6. Development of a full written report on the incident, including conclusions and recommendations
7. The Investigation Team Leader shall establish and maintain an ongoing liaison with the City Attorney, City Manager, and Fire Chief relating to the investigation.
8. It is the policy of the Fire Department to cooperate fully with all other governmental agencies having legal cause to be involved in the investigation of a Line of Duty Death incident and to cooperate voluntarily with organizations working in the areas of fire service occupational safety and health education and training.
9. The Division of Occupational Safety and Health of the California Industrial Commission will conduct an investigation of such incidents resulting in serious injury or death of Fire Department members. The Investigation Team will provide liaison with the OSHA investigators.
10. Other governmental agencies that may be involved in an investigation include:
 - a. National Fire Chief Association
 - b. United States Fire Administration
 - c. National Institute for Occupational Safety and Health
 - d. Law Enforcement Agencies
 - e. State Fire Marshal
 - f. California Industrial Commission
11. The participation of these agencies shall be at their own discretion, depending on the circumstances of the incident. These agencies may or may not produce their own reports of the incident with recommendations or corrective actions. These reports do not supersede or substitute for the Investigation Team Report.
12. The Investigation Team shall utilize the resources of individuals and agencies outside the Fire Department to assist in the investigation and/or provide technical consultation when necessary. These resources include:
 - a. National Fire Protection Association
 - b. International Association of Fire Fighters Consultants
 - c. Consultants
 - d. Testing Laboratories
 - e. American Petroleum Institute

DOCUMENTATION

1. The Investigation Team shall ensure that the scene of the incident is fully documented, including diagrams, photographs, and observations.
2. When feasible, all witness interviews shall be recorded and/or transcribed. Investigators notes should be used only to refresh the memory, and once they are reduced to report form, destroyed.
3. The Investigation Team shall coordinate its activities with Fire Investigations to avoid interference in any criminal investigation relating to the incident.

Policy: 103.02 Personnel Files

11/2023

PURPOSE

The purpose of this policy is to inform employees of the contents of their personnel files and to establish requirements regarding access to personnel files in order to maintain confidentiality and security of personnel information.

POLICY

Once employed by the City, a personnel file will be created in an employee's name to maintain documentation of pre-employment testing results (excluding medical and/or fitness for duty examinations and criminal record offender information), certification and licensing documentation, evaluations, training, disciplinary action, emergency contact information and any other information pertinent to a member's employment with the City of Calimesa. Medical records and criminal record offender information shall be kept in separate, secure files with confidentiality maintained in accordance with Federal and State legal requirements.

An employee's personnel file is available for the employee to review during regular business hours by submitting a request through the chain of command. An employee should contact the Human Resources Department to make an appointment to view their personnel file.

GUIDELINES

The following Fire Department personnel shall have full access to personnel files:

- Fire Chief
- Deputy Fire Chief
- City Manager
- Human Resources Department
- City Attorney, and any Assistant and/or Deputy City Attorney as designated by City Attorney

The Human Resources Department will monitor and maintain a record of all persons accessing Fire Department Personnel Files. It will be their responsibility to verify that the individual seeking access has the proper authority to do so.

Access of the files will be conducted only for official Fire Department or City business. Only individuals with full access authorization may remove a file from the Human Resources Location. The Human Resources Director shall maintain a record of the removal of any personnel file from the Human Resources Department, and the date of its return.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.04 HIPAA

11/2023

PURPOSE

The City of Calimesa Fire Department has specific obligations as required by the HIPAA Privacy Rule. This policy establishes the requirements and best practices for Calimesa Fire Department personnel to follow to ensure Privacy Rule compliance and is intended to implement the City of Calimesa HIPAA policy contained in the City of Calimesa Personnel Rules and Regulations, as Attachment C, POLICY AND PROCEDURES REGARDING PRIVACY OF HEALTH INFORMATION UNDER HIPAA.

DEFINITION:

The Standards for Privacy of Individually Identifiable Health Information ("Privacy Rule") established a set of national standards for the protection of certain health information. The U.S. Department of Health and Human Services ("HHS") issued the Privacy Rule to implement the requirement of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). The HIPAA Privacy Rule protects all "individually identifiable health information" held or transmitted by a covered entity or its business associate, in any form or media, whether electronic, paper, or oral. The Privacy Rule calls this information "protected health information" ("PHI").

POLICY:

This policy applies to members of the City of Calimesa Fire Department. The City of Calimesa Fire Department has developed and maintains Privacy Practices for the protection of PHI. HIPAA Privacy Practices shall protect all individuals who receive medical assessment or treatment from the City of Calimesa Fire Department personnel.

Management and control of PHI, which is used for approved purposes, including patient care documentation, as required by REMSA (Riverside Emergency Medical Services Agency) shall be compliant with HIPAA in that the PHI shall be protected from unauthorized disclosure by:

- Maintenance of business associate agreements with entities with which the City of Calimesa Fire Department is authorized to share a patient's PHI.
- Covering or securing PHI while it is being used by the City of Calimesa Fire Department personnel for the purposes of patient care documentation, bill processing or authorized disclosure activities.
- Segregating PHI from other documents by placing PHI in specially designated privacy envelopes for transmittal, if required.

- Storage of paper PHI for a period of not less than seven years in a secured storage facility, access of which is limited to authorized personnel.
- Storage of electronic PHI in password protected computers.
- Destruction of PHI older than seven years, not otherwise subject to a litigation hold, which is conducted at an approved City of Calimesa facility and supervised by an authorized the City of Calimesa Fire Chief (or Deputy Fire Chief), City Clerk and City Attorney in accordance with the City's approved records retention/destruction schedule and annual destruction of records pursuant to the City of Calimesa Document Retention and Destruction Policy.

Disclosure of PHI shall only be allowed if authorized by the patient, or as documented by the City of Calimesa Fire Department Privacy Practices in adherence with HIPAA allowable disclosures.

PRIVACY OFFICER DESIGNATION

In compliance with the HIPAA Privacy Rule the Calimesa Fire Department has a designated Privacy Officer, which is the Fire Chief. In the absence of the designated Privacy Officer, questions, concerns, reports or comments regarding PHI or HIPAA compliance should be directed to alternate Privacy Officers in the following order:

Deputy Fire Chief

PRIVACY RULE TRAINING

All Calimesa Fire Department personnel are required to undergo Privacy Rule training as scheduled by the Privacy Officer in accordance with the HIPAA Privacy Rule within a reasonable time upon association with the Calimesa Fire Department. New personnel are not assigned to positions in which they generate or handle PHI until they have received Privacy Rule training.

All personnel will be required to undergo additional training as scheduled by the Privacy Officer within a reasonable time should subsequent material changes to the HIPAA Privacy Rule and/or Calimesa policies and procedures regarding privacy practices occur.

All Privacy Training will be conducted in a manner designated by the Privacy Officer.

ELECTRONIC PATIENT CARE REPORT (PCR)

All preparatory documentation and paper signature forms used by Calimesa Fire Department personnel to assist in the creation or modification of a PCR is considered PHI and is the sole property of the Calimesa Fire Department.

All Calimesa Fire Department personnel that may be required to complete a PCR will be given a password to access the Rescue Net Tablet PCR program. This number is unique to the individual. The Human Resources Generalist is the sole holder and distributor of the numbers.

No Calimesa Fire Department personnel may disclose his/her password.

Calimesa Fire Department personnel are to access only his/her PCR and associated PHI unless directed otherwise by the Privacy Officer or as permitted by Calimesa Fire Department policy for compliance or quality improvement purposes.

Printed PCRs and their associated PHI are to be placed in a secure location when not being used. A specially designated privacy envelope shall be used for this purpose when any of these items are not in the possession or control of the person that prepared the information.

To the extent authorized under the California Public Records Act, City's Records Retention Policy and/or HIPAA, all scratch paper or draft PCR paperwork used by Calimesa Fire Department personnel in the preparation of a PCR must be shredded immediately after the PCR is completed.

Calimesa Fire Department personnel may not retain any PHI other than for purposes of completing the required PCR, after which time the PHI is transmitted in the specially designated privacy envelopes to the Calimesa Fire Department's EMS Division for processing.

ACCESS TO PHI

Access, disclosure and use of PHI will be to the extent necessary to meet activities authorized by the HIPAA Privacy Rule.

INCIDENTAL DISCLOSURES

The Privacy Rule is not intended to impede common practices that are essential in providing health care to the individual. Incidental disclosures are inevitable, but these will typically occur in radio or face-to-face conversation between health care providers. Incidental disclosures should be kept to a minimum and related to required patient care practices.

PENALTIES FOR HIPAA VIOLATION

There are significant legal penalties against agencies and individuals that do not adhere to the HIPAA Privacy Rule. Failure of the Calimesa Fire Department personnel to comply with this policy could result in penalties against the City of Calimesa Fire Department and discipline against the individual(s) up to and including termination from employment.

CITY OF CALIMESA POLICY AND PROCEDURES REGARDING PRIVACY OF HEALTH INFORMATION UNDER HIPAA (Attachment C to City of Calimesa Personnel Rules and Regulations, as amended from time to time)

The following is the City of Calimesa's Privacy Policy pursuant to HIPAA. This policy may be amended from time to time based on changes to federal law and/or regulations.

1. Purpose for Policy

The City of Calimesa ("City") is committed to protecting the confidentiality of protected health information of individuals in a manner consistent with the Federal Health Insurance Portability and Accountability Act (HIPAA).

2. Overview

This policy concerns protected health information ("PHI"), as defined under HIPAA. A covered entity may not use or disclose PHI except as permitted or required by the standards under HIPAA. Under HIPAA, there are three types of covered entities: (1) health plans that provide or pay the cost of medical care, (2) certain health care providers and (3) health care clearinghouses. While the City, as an employer, is not a covered entity, it maintains several health plans that are covered entities under HIPAA. As a result, the City has compliance obligations on behalf of those plans.

The compliance obligations for fully insured plans are limited where the City receives only enrollment and disenrollment information and does not receive PHI. For these plans, the City may not retaliate against a person for exercising rights under HIPAA or require a waiver of rights that is inconsistent with HIPAA standards. It is the policy of the City to comply with these requirements.

The obligations are more extensive for self-insured plans and for those plans that share PHI with the City. For these plans, the City must provide a notice of privacy practices, appoint a privacy officer, implement written policies and procedures and comply with other requirements.

**CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.04 HIPAA**

11/2023

These policies and procedures have been developed and are implemented in compliance with the HIPAA privacy standards. They apply to the plan or plans maintained by the City. Any questions regarding their coverage, intent or interpretation will be made with reference to the HIPAA privacy requirements.

PHI, as defined by Federal law, means any individually identifiable health information, whether it is in electronic, paper or oral form, that is created or received by or on behalf of a covered entity. PHI is not confined to written materials, facsimiles, or hard copy, but also includes information derived from any source, including, but not limited to: e-mail, computer data, data stored on electronic media, disks, or personal verbal communications or recordings, and visual observation. PHI can include, but is not limited to: Social Security number, name, address, birth date, age, telephone number, subscriber number, policy number, e-mail address, fax number, and medical records, when provided to or held by a HIPAA covered entity.

3. Privacy Officer and Other Contacts

The City's Human Resources Director is designated as the Chief Privacy Officer (Privacy Officer). The Privacy Officer, also known as the Privacy Official, is responsible for developing and implementing the privacy policies and procedures of a covered entity.

In addition to the Privacy Officer, the Benefits Administrator is designated as a contact person for receiving complaints regarding compliance with the City's policies and procedures or with the privacy requirements under HIPAA and may serve as a Privacy Officer when necessary or required by assignment or the absence of the Chief Privacy Officer. The Privacy Officer and Benefits Administrator are also designated as the contacts to provide further information related to the City's notice of privacy practices.

The Privacy Officer and Benefits Coordinator may be contacted as follows:

B. *Minimum Necessary Policy*

- (1) *When using or disclosing PHI or when requesting PHI from another covered entity, reasonable efforts will be made to limit PHI to the minimum necessary to accomplish the intended purpose of the use, disclosure or request.***
- (2) *Under HIPAA, the minimum necessary requirement does not apply to:***
 - (a) *Disclosure to or request by a health care provider for treatment;***
 - (b) *Disclosure to an individual who is the subject of the information, or the individual's personal representative; and***
 - (c) *Use or disclosure made pursuant to authorization;***
 - (d) *Disclosure to HHS for complaint investigation, compliance review or enforcement;***
 - (e) *Use or disclosure that is required by law; and***
 - (f) *Use or disclosure required for HIPAA's other rules.***
- (3) *At the time these policies and procedures are implemented, there are no routine or recurring uses or disclosures for which appropriate minimum necessary protocols can be implemented.***
- (4) *Non-routine requests for use or disclosure that are subject to the minimum necessary requirement are reviewed on a case-by-case basis, initially by the Privacy Officer.***
- (5) *The City relies on representations that the PHI requested is the minimum necessary if the request is for a permitted disclosure and is from a public official, a HIPAA covered entity (a health care provider, a health plan or a health care clearinghouse) or a professional providing services to a covered plan who is a business associate and where it is represented that the PHI requested is the minimum necessary.***

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.09 Employer Pull Notice

11/2023

PURPOSE

Pursuant to the California Commercial Motor Vehicle Safety Act of 1988, the City of Calimesa is required to obtain public driving records through the California Department of Motor Vehicles (DMV) Employer Pull Notice program for Calimesa Fire Department employees whose jobs entail driving certain types of vehicles or who are required to have a driver's license as a condition of employment.

This policy identifies the circumstances that require a Calimesa Fire Department employee to be enrolled in the DMV Employer Pull Notice program and actions the Calimesa Fire Department may take if the Calimesa Fire Department is notified of any disqualifying action reported by the DMV.

POLICY

The City shall enroll employees that operate City-owned pool or privately-owned vehicles on Department business in the Department of Motor Vehicles (DMV) Employer Pull Notice Program. Under the Employer Pull Notice Program, when a vehicle operator has received a violation, the DMV assigns points according to the type of violation, and automatically sends notification to the City. (See Cal. Vehicle Code § 12810) A list of current violation point counts may be obtained from the California Department of Motor Vehicles website at: <https://www.dmv.ca.gov/portal/dmv/detail/dl/vioptct>.

In compliance with Vehicle Code § 1808.47, all information received from the DMV shall be used solely for the intended purpose and kept in locked storage. Under no circumstances shall addresses or other information be given to any third party, or any other person not authorized to receive it.

Employees who have an accumulation of four or more points in a 12-month period, or six in a 24-month period, or eight in a 36-month period, may have Department driving privileges suspended or revoked at the discretion of the Fire Chief or Deputy Fire Chief. The Human Resources Director shall notify the Fire Chief or Deputy Fire Chief when a driving record meets this threshold. ***Notwithstanding the foregoing, if the DMV revokes, suspends or otherwise restricts a member's driver's license, the member's driving privileges for the Department shall be revoked, suspended or restricted in the same manner unless and until such time as the revocation, suspension or restriction is lifted.***

In addition, employees involved in additional preventable accidents or have any disqualifying action taken against their driver's license shall be subject to disciplinary action, the severity of which will be determined by the nature of the offense and the employee's past driving and disciplinary action records.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.09 Employer Pull Notice

11/2023

The following are examples that may result in suspension or revocation of an employee's Department driving privileges, and may also result in further disciplinary action up to and including his/her termination from employment:

- An employee who has been determined to be involved in two or more preventable accidents within a 36-month period while operating a City-owned pool or privately-owned vehicle in the performance of official Department or City business.
- Any conviction resulting from driving while under the influence of drugs (including but not limited to, medical or recreational marijuana) or alcohol (DUI) or refusal to submit to a lawful roadside sobriety test.
- Intentional abuse, moving violations, reckless operation, or negligent actions while operating any vehicle.

Temporary or permanent suspension of Department driving privileges for employees whose position requires operation of a vehicle shall be considered a loss of the ability to perform an essential job function.

If an employee's Department driving privileges are suspended or revoked, the Department shall attempt to arrange for the employee to perform the essential functions of the job. If such accommodation is not possible or creates an unreasonable hardship for the Department or coworkers, loss of Department driving privileges shall be considered just cause for reassignment to a position that does not require operation of a vehicle at a pay rate commensurate with that position. If no such position is open, the employee may be terminated. This provision shall not preclude the Department from taking other disciplinary action up to and including termination from employment when the Department determines such action is warranted based on the particular facts and circumstances.

REQUIREMENTS

1. The following Calimesa Fire Department employees are subject to participation in the Employer Pull Notice Program:
 - a. Operators of vehicles requiring a special certificate/endorsement.
 - b. Positions Identified by the department head as appropriate for participation in the Employer Pull Notice Program.
2. Employees required to participate in the Employer Pull Notice program shall be informed that the Calimesa Fire Department will receive reports of their public driving records from the DMV and that these reports may be used as a basis for taking corrective action, up to and including dismissal from employment or release during probation as provided above.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.09 Employer Pull Notice

11/2023

3. If an employee required to participate in the Employer Pull Notice program receives a DMV disqualifying action, the Calimesa Fire Department may initiate corrective action, up to and including dismissal from employment or release during probation. The corrective action imposed will depend on the disqualifying action. At a minimum, a lapsed license or special certificate will result in automatic cancellation of the employee's authority to drive a Calimesa Fire Department vehicle.

RESPONSIBILITIES

1. Employees enrolled in the DMV Employer Pull Program are:
 - a. Required to maintain a valid driver's license and all special certificates required for the performance of duties.
 - b. Must promptly notify their supervisor in the event of any DMV disqualifying action against their driver's license or certificate.
 - c. Should complete online Pull Notice driver training within the first six months after enrollment in the program.
2. Human Resource Department:
 - a. Ensure employees required to participate in the Employer Pull Program are informed that the Calimesa Fire Department will receive their public driving record reports from the DMV information may be used as a basis for taking corrective action, up to and including dismissal from employment or release during probation.
 - b. Take appropriate action(s) when notified of an employee's DMV motor vehicle disqualifying action.
 - c. Act as a liaison with the DMV for the Employer Pull Notice Program.
 - d. Maintain DMV Employer Pull Notice Program records.
 - e. Request, receive, disseminate, retain, and coordinate information received from the DMV.
 - f. Promote Employer Pull Notice Program online training access to employees enrolled in the program.
 - g. Store driver record information in a secure location.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.10 Driver's License Policy

11/2023

PURPOSE

The purpose of the Driver's License Policy is to establish requirements for members to fully comply with the stipulations outlined in the City's and Fire Department Policies, and to clarify for members when it is necessary to notify the Fire Department of certain issues that either change, or may change, the status of his/her driver's license.

POLICY

City of Calimesa and Fire Department employees must have the appropriate valid license in their physical possession to drive on City Business, and only authorized employees are allowed to drive vehicles on City Business. Employees are required to comply with all applicable federal, state, and local laws and regulations, and City Policies.

REQUIREMENTS

All employees authorized to use City-owned pool or privately-owned vehicles on Department business must possess a valid California driver's license and provide proof of licensing upon hire.

All employees must maintain a driver's license appropriate for the class of vehicle to be driven.

An employee whose driver's license is suspended or revoked for any reason must notify their supervisor no later than the first workday following suspension or revocation of their driver's license. Such employee shall not be allowed to operate any City-owned pool or privately-owned vehicles on Department business.

Employees who possess temporary driving permits or hardship licenses shall not be permitted to operate Department or privately-owned vehicles in the performance of official Department duties.

All employees must have at least a valid Class C Driver's License to operate any City vehicle, or to use their personal vehicle for City Business.

Each employee assigned to operate any Fire Department vehicle, or who is in a position to operate one at any time, must have their driver's license number, classification, and expiration date recorded with the Fire Department. Prior to promotion or assignment to a position requiring the driving of Fire Department vehicles, employees will be required to have at least a valid Class B Operator's License, or a firefighter endorsement.

Any employee who is in a driving position, or who is asked to drive a City vehicle or private vehicle on City Business, and who does not have a current, valid California driver's license, will immediately notify his/her supervisor, and shall not be permitted to drive. Additionally, the

employee is required to notify the Fire Department's Fire Chief that he/she does not have a current, valid driver's license.

The Fire Chief and City Manager will make certain the driving record of all employees in driving positions are checked, and that those employees not possessing a current, valid license will not operate vehicles on City Business, and will not drive City vehicles.

DMV Pull Notice Program

In accordance with Policy No. 103.11, Employer Pull Notice Policy, the City shall enroll all employees that operate City-owned pool or privately-owned vehicles on Department business in the Department of Motor Vehicles (DMV) Pull Notice Program.

DEFINITIONS

Driving Position: A job that requires operating a vehicle on City Business or operating a City vehicle as part of its range of duties.

Driver's License: A valid license to drive, appropriate for the class of vehicle operated as prescribed by the California Vehicle Code.

Acceptable Driving Record: The driving record of the employee has less than four points in a 12-month period, or less than six points in a 24- month period, or less than eight points in a 36-month period; or less than any other threshold limit imposed by the State of California at any time. Points are as shown in the current Motor Vehicle Division (MVD) Acceptable Violation Code Table. In addition, the following shall also be considered in determining an acceptable driving record: any cancellation, expiration, refusal, revocation, suspension, or restriction affecting the employee's ability to drive on City Business. Work related accidents, or other related factors, such as zero-point violations or a pending DUI charge shall also be considered.

Change in Status: An individual's previously valid driver's license is subsequently expired, refused, cancelled, revoked, suspended, or restricted.

DUI Charge: Any arrest or citation received by an employee as a result of his/her alleged violation of any "Driving Under the Influence" statutes, or for any out-of-state arrest or citation received for a similar infraction.

EMPLOYEE RESPONSIBILITIES

An employee in a driving position is required to:

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
Policy: 103.10 Driver's License Policy

11/2023

1. Possess a valid, appropriate driver's license at all times while operating a vehicle on City Business or while operating a City vehicle. (License must be carried on the person, when operating a vehicle on Department or City Business or while operating a City vehicle.)
2. Maintain current registration and current insurance, in accordance with California Vehicle Code, on any personal vehicle he/she may be asked to drive on Department or City Business.
3. Maintain an acceptable driving record.
4. Notify his/her supervisor, and the Fire Department's Chief, of a change in status of his/her driver's license, of a DUI conviction, or of an arrest or citation for any DUI charge. This includes any out-of-state DUI conviction, arrest, or citation received. Such notifications must be made before the start of the employee's next shift.
5. Refrain from operating a vehicle on Department or City Business, or operating any City vehicle, without a valid, appropriate driver's license.

An employee in a non-driving position is required to:

1. Immediately notify his/her supervisor if the employee does not have a valid driver's license, or does not have a valid driver's license in his/her possession at the time he/she is requested to operate a vehicle on City Business or operate a City vehicle.
2. Maintain current registration and current insurance, in accordance with California Vehicle Code

MANAGEMENT RESPONSIBILITIES:

All current City employees in driving positions will have their driving records reviewed annually. This review will be conducted at the time of each employee's annual performance review.

In the event there is a change of status of the driver's license of an employee in a driving position, action will be taken to insure the employee does not operate a vehicle on City Business or operate a City vehicle.

VOLUME 1- ADMINISTRATION

Policy: 105.01 Public Information Officer Responsibilities

11/2023

PURPOSE

It is the policy of the Calimesa Fire Department to establish and maintain a positive operating relationship with the news media.

The purpose of the Public Information Officer is to assist the Fire Chief, Staff, and the Incident Commanders with providing correct and factual information to the general public, other government agencies and the news media when requested. The Public Information Officer (PIO) will coordinate the movement of the media on any fire department property, including emergency incidents; and release information approved by the Fire Chief or Incident Commanders.

During times of fire, disasters and emergencies, the news media and general public will be relying on the Fire Department for information and guidance, such as in the process of an evacuation or floods. This may be done in conjunction with other city/county/state/federal agencies.

The Public Information Officer is an important part of the Incident Command System (ICS) and Integrated Emergency Management System (IEMS). This policy is designed to establish procedures for all PIOs of the Calimesa Fire Department.

DEFINITIONS

The following is a list of definition's used by the Public Information Officers:

FIRE DEPARTMENT PROPERTY: Property of the Calimesa Fire Department includes all the buildings and grounds used by the City and Fire Department, all vehicles used by the City and Fire Department and the buildings, grounds, airspace, waterways, vehicles, public streets/sidewalk and any other area which is under control of the fire department (e.g.: all incidents, emergencies and disasters.

RESPONSIBILITY

It is the responsibility of all Chief Officers, Company Officers, Incident Commanders, Supervisors and PIOs to ensure that this Policy is maintained.

PROCEDURE

The Fire Chief will appoint a PIO for the Calimesa Fire Department. The Fire Chief or the Public Information Officer should approve all information pertaining to the Calimesa Fire Department to be released to the general public or media.

All requests for the information from the news media should be directed to the PIO. The PIO is the primary designated spokesperson for the Calimesa Fire Department.

CALIMESA FIRE DEPARTMENT

POLICY MANUAL

VOLUME 1- ADMINISTRATION

Policy: 105.01 Public Information Officer Responsibilities

11/2023

The Staff PIO will be notified as soon as possible by the communications personnel for any of the following types of incidents:

- Emergencies that require a full second alarm and above.
- Injuries or deaths related to fire and/or fire products.
- Injuries or deaths to Fire Department personnel or major damage to fire department property.
- Confirmed aircraft crashes or hazardous materials incidents in which the Fire Department is involved.
- Any other incidents considered significant or newsworthy involving the Fire Department.
- If the Incident Commander, Fire Investigator, Company Officer or any member of the news media request the PIO to respond.

When the Department is giving a news conference, the Department's PIO will be in charge of the event.

If a PIO responds to an incident and they are interviewed by the media or if an incident is of great significance or newsworthy, a prepared hardcopy news release should be prepared and reviewed by the City Manager prior to dissemination to all the media outlets using one of the assigned fax machines or emails.

When a news release is made, copies should be made available, either in hard copy or electronically, to all Department personnel. This is to ensure that everyone is aware of the same information that is being released to the media, in case the media does a follow-up in some another division.

No preferential treatment will be accorded any representative of the news media. This statement should not be construed to prohibit initiative reporting, nor does it require notifying all news media prior to the release of information.

It shall be the responsibility of every member of the Calimesa Fire Department to protect the reputation of the Department and the City it serves.

INFORMATION RELEASE

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1- ADMINISTRATION

Policy: 105.01 Public Information Officer Responsibilities

11/2023

HIPAA PROHIBITS the release names of victims and/or department personnel that are injured to the news media.

The names of deceased or injured civilians or department personnel should not be used on the radio or released to the media except by the Fire Chief or PIO Staff.

The PIO must exercise care, common sense and discretion to avoid rendering statements and/or information that, if later quoted, may create a misunderstanding or compromise Calimesa Fire Department.

The cause of fires and any other incident should not be released to the news media without approval of the Incident Commander. It is better to make sure of the exact cause than to make a premature statement and have to retract it later. If the cause is not known, or you are not sure: "It is **UNDER INVESTIGATION**."

Fires that are suspicious in nature should not be referred to as "**ARSON**" unless ruled as an arson fire by members of Fire Investigation Unit. Elements of a suspicious fire should not be released to the media and/or public unless approved by a member of Fire Investigation Unit. All information released by Fire Investigators to the news media should be sent to the PIO as soon as possible.

All prepared news releases, news advisories and press statements should be issued by the PIO or Fire Chief.

In matters of administration, request for information from the news media should be coordinated and released by the PIO and/or Fire Chief. (This pertains to issues of policy or of a sensitive nature, not routine. If personnel are not sure of the qualifications of the request, they should be forwarded to the PIO or Fire Chief for review).

Fire Investigators or the Incident Commander will determine damage estimates. (in dollar amounts) Incidents involving drug labs or suspected drug labs should be handling by the PIO of the Law Enforcement in charge. Request for information from the news media should be directed to Law Enforcement PIO.

In relation to traffic accidents, information regarding the circumstances of the accident should be disseminated by a spokesperson from the law enforcement agency in charge of the accident. Fire Department personnel will refrain from speculating on how the accident might have occurred or discuss circumstances of the accident with the media.

In the event of a fire death, only the approximate age and gender of the fatality should be released to the media on the scene. The name of the victim should not be released. Release of the victim's identity will be released by the Medical Examiner's Office.

Members of the Department shall NOT release information to the news media or general public that includes the following:

- Prior criminal record, character or reputation of any accused person of a crime;
- Criminal justice information;
- The existence of any confession, admission of guilt of the failure or refusal by the accused to make a statement;
- Any opinion of department personnel regarding the guilt or innocence of any accused;
- The identity, testimony of credibility of a prospective witness;
- Any opinion of agency personnel regarding the merits of any incident or case or quality of service rendered;
- Any information concerning the identity of individuals under the age of 18 years;
- Residence or personal phone numbers of Department or City personnel;
- The identity of fatalities of critically injured without the notification of the next of kin;
- The release of information received from other fire or law enforcement agencies without the concurrence in releasing that information.

Information that shall be released only by the PIO with approval of the Fire Chief includes the following:

- The name of any Department personnel involved in any accident or incident that the Department is investigating;

The Incident Commander, communications personnel or other Department personnel should make available to the PIO the following information:

- Type of call, nature of the call;
- Location or address of the incident;
- Name of occupants and/or owner;
- Type and size of structure and contents;
- Damage estimate;
- Cause of the incident;
- Current action being taken by the Department

PROCEDURES FOR INTERVIEWS

When being interviewed by the media, all Department personnel will present themselves in a professional manner.

- They shall not wear sunglasses; chew gum, eat/drink food products or use tobacco products.
- The use of slang, profane or obscene language is strictly prohibited.

POLICY MANUAL
VOLUME 1- ADMINISTRATION

Policy: 105.01 Public Information Officer Responsibilities

11/2023

- Department personnel giving interviews to the news media should state only the facts. Cause, damage estimates and related information should not be released to the news media unless the facts are absolutely known and confirmed.
- Department personnel will refrain from expressing personal opinions or feelings or from any type of speculations. Personnel should not make statements they would not want quoted.
- Personnel can be held accountable and liable for their statements to the media. Discretion should be used in every case. Never say or rely on statements that "THIS IS OFF THE RECORD."
- Descriptions of activities should be elementary in nature, with the tendency for the average citizen to understand what is going on.

(For example: The public may relate to a "water cannon" instead of a master stream, deluge gun; or ladder truck instead of truck company.)

EMERGENCY RESPONSE

- When Calimesa Fire Department responds to an incident the following procedure shall be used: Command will be responsible for the management of public information at an incident. As soon as practical, the Incident Commander will establish a Public Information Officer, if needed. The effective establishment of this division will relieve the Incident Commander of the need to deal directly with the media during critical command stages and will provide (and structure) the standard information the media will require to accurately reporting the situation.
- Prior to the arrival of the PIO, the Incident Commander, if unable to handle the PIO duties themselves, may assign a Temporary PIO. The Temporary PIO will station them in a readily visible and accessible location near the Command Post to meet and provide information to the media representatives.
- The PIO will report to the Incident Commander upon arrival at the incident, determine the status of the Public Information Division.
- During an incident, the PIO shall be under the direct supervision of the Incident Commander.
- The Incident Commander will be responsible for the Public Information Officer at incidents they are in charge of. Once the incident has been terminated, the PIO will be responsible for all public information requests from the news media for information about any incident, after it has been terminated.
- At the incident scene, the PIO should position himself or herself as close to the Command Post as practical. Access to the PIO by the media and their safety in relation to the incident, should also be taken into consideration.
- Identification of the Public Information Officer at an incident shall consist of the following:

VOLUME 1 - ADMINISTRATION

Policy: 105.02 Interview Requests and Subpoenas

11/2023

PURPOSE

This policy establishes guidelines for Interview Requests and Subpoenas issued to employees of the Calimesa Fire Department in civil and criminal cases. This policy pertains only to interview requests and subpoenas that relate to the performance of an employee's official duties or responsibilities.

POLICY

It is the policy of the Calimesa Fire Department that all subpoenas for deposition or witness testimony, or written or verbal requests for interviews in civil or criminal cases must be turned over to the City Clerk's office for coordination of response with the City Attorney's office.

ADMINISTRATIVE RESPONSIBILITIES

The Calimesa Fire Department Administration is responsible to oversee the efficient and expeditious distribution of interview requests to the City Clerk's office and affected Fire Department employees.

Administration staff will receive and log all interview requests, and promptly notify the City Clerk's office and City Attorney of all such interview requests, and turn over any written requests to the City Clerk and City Attorney.

EMPLOYEE RESPONSIBILITIES FOR INTERVIEW REQUESTS

Upon receiving an interview request without a subpoena in a civil or criminal case, the employee shall promptly notify the Fire Chief or Deputy Chief. The employee does not need to take any action. The Fire Chief or Deputy Chief will confer with the City Manager and City Attorney to determine whether to honor the request for an interview.

Under no circumstances shall an employee grant an interview request in a civil or criminal case without prior approval of the City Attorney.

SUBPOENA POLICY

It is the policy of the Calimesa Fire Department to record, log, and distribute all subpoenas for testimony to Fire Department employees in an efficient and expeditious manner, so that the employees may comply with the subpoena, or to allow the City to make a timely determination regarding any other response to the subpoena, including but not limited to, judicial relief.

Policy: 105.02 Interview Requests and Subpoenas

11/2023

ADMINISTRATIVE RESPONSIBILITIES FOR SUBPOENA DISTRIBUTION

Calimesa Fire Department Administration, and Human Resources staff are responsible for the efficient and expeditious distribution of interview requests to Fire Department employees.

Human Resources staff will receive and log all subpoenas. Human Resources staff will verify the employee's contact information. Personnel staff will contact the Fire Chief or his or her staff will notify the employee by telephone that the employee has received a subpoena.

If available, the fire incident report number and type of incident (DUI, Assault, etc.) will be given. If requested in the subpoena, a copy of the incident report, if available, will be attached to the subpoena and furnished to the member being subpoenaed unless the incident report or any information contained therein is exempt from disclosure under federal or state laws. All disseminated information will meet HIPAA and CCMIA requirements.

EMPLOYEE RESPONSIBILITIES FOR SUBPOENAS

If an employee is personally served with a subpoena for deposition or trial testimony relating to the employee's official duties, the employee Upon shall promptly notify the Fire Chief (or Deputy Chief), and turn over the subpoena to the City Clerk's office. The employee shall cooperate with the City Clerk, City Attorney and Fire Chief (or Deputy Chief) in evaluating the response to the subpoena. Unless the employee is thereafter notified by the Human Resources Department or the City Attorney that the City has obtained a court ruling quashing the subpoena or providing other relief, the employee must comply with all subpoenas, or be subject to contempt of court proceedings. When an employee is notified of a subpoena, the employee shall obtain a copy of the subpoena along with the requested documents (Incident History Report, EMS Report either via email or in person at Fire Administration, subject to any direction from the Fire Chief, City Clerk or City Attorney.

The employee must follow the instructions on the subpoena, including calling the contact number on the subpoena on the afternoon before the required appearance to verify the need to appear and to obtain statutory witness fees. To inquire about a trial or hearing, use the defendant's name and the case number.

When appearing for a hearing or deposition, employees should wear the Fire Department dress uniform, be on time and conduct himself/herself as a representative of the Calimesa Fire Department.

The employee must attach a copy of the subpoena to all leave forms and overtime slips submitted for witness duty.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
POLICY: 105.04 Customer Relations

11/2023

MISSION

The Calimesa Fire Department is committed to providing superior levels of quality service that exceed the public's expectations for timely and effective delivery of fire prevention, fire control, emergency medical treatment and public education.

Quality will be evaluated on how well we maintain excellence in customer satisfaction, meeting the needs of our people, achieving organizational goals and creating a service culture that continuously reinforces and promotes excellence in all line and support functions.

Being a professional on the Calimesa Fire Department means doing the "whole job". Doing the "whole job" includes focusing on the extra interpersonal dimensions and sensitivities of empathy, concern, care and compassion.

Our work often involves respecting people's property during their most vulnerable moments, when they need help the most and have to rely on our members. Interpersonal awareness and sensitivity is our responsibility. Indifference or lack of empathy is a professional weakness.

The public does not need one of our members to be having a "bad day" when they call us for help...they're already having one of their own.

POLICY

The primary customer relations' policy goal of the Calimesa Fire Department is to meet or exceed our customers (the public's) expectation of satisfaction in every contact that exists between our customers and any of our service people and /or delivery systems.

It is the policy of the Calimesa Fire Department and the responsibility of every member in the organization to:

- Provide customer service excellence.
- Ensure that technical and interpersonal aspects ("the whole job") are performed at superior levels.
- Provide the same high-quality care and service for everyone, regardless of their circumstances.
- Provide each member the opportunity to demonstrate excellence and superior service in all contact with the public (on or off duty).
- Support and reinforce excellent customer service delivery by other members.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
POLICY: 105.04 Customer Relations

11/2023

EMPLOYEE RESPONSIBILITIES

All members are to hold every interaction with the public as the “moment of truth”. Each “moment of truth” is an opportunity to influence the public’s perception of service received and thus, the image of the Department.

It is imperative that members of the Department make decisions with the customers in mind. Customer relations is about the way you look, the way you act, what you do or don’t do, what you say, how you say it, and what you don’t say.

Each member must continually try to enhance the value of his/her service in the customer’s eyes.

Employees, who rarely, if ever, come into contact with the public, must see themselves as supplying an important service for those who do. They must be prepared to continue positive service through telephone etiquette and general demeanor. We never know when a citizen is observing our actions.

INTERNAL RELATIONS

A critical component of an effective customer relations program is internal relations. To a large extent, the way customers are treated is reflective of the way members treat one another within the organization. This does not simply refer to supervisors/subordinate relationships, but also to peer, inter-department, inter-agency and line/staff relationships.

The following characteristics are to be practiced by all members and are essential to positive and effective internal relations:

Considerations:

- Be considerate of the moral, ethical, and religious values of others.
- Empathize with others and avoid excessive teasing and rumors.

Discretion:

- Be discrete and refrain from racial, ethnic, religious, sexist or personal comments or actions that are derogatory.

Acceptance of Others:

- Be accepting of other members whose opinions and principles differ from your own. There is nothing wrong with being white, black, Irish, female, Catholic, etc. These are differences, which make us stronger as an organization...if we accentuate the positive and accept the differences.

CALIMESA FIRE DEPARTMENT
POLICY MANUAL
VOLUME 1 - ADMINISTRATION
POLICY: 105.04 Customer Relations

11/2023

Unity:

- Place a high importance on unity in the organization and individual contributions to the work group. It is essential that we pull together in routine and stressful times and support each other.

MANAGEMENT AND SUPERVISORY RESPONSIBILITIES

Supervisory responsibility in our quality service effort resolves around managing and leading each work unit so that it creates a predictable positive experience for the customer. This requires positive leadership on the part of the supervisor, good management, and teamwork by the work group.

The supervisor/manager/leader essentially is the translator of the overall commitment to service excellence. He/she must ensure that both technical and interpersonal aspects are addressed. The supervisor must monitor, evaluate, give feedback and provide correction on technical aspects, quality of service and interpersonal skills.

Performance standards must be in place to inspire exceptional performance rather than to accept standard performance.

The supervisor sets the standards of consistent excellence/service by example.

CUSTOMER RELATIONS PROGRAM

The Calimesa Fire Department Customer Relations program represents a total organizational commitment to achieve a recognizable standard of consistent excellent service.

This commitment to excellence causes us to examine and reassess how well we manage our relationships with two key groups: Internal Customers (our own members) and external customers (our citizens/public). Both are essential, the two are inseparable.

Goals of the Customer Relations Program are to:

- Develop and implement the support system needed to teach, supervise, and reinforce professional behavior standards.
- Train managers, supervisors, and employees to maintain, reinforce, and extend desired behaviors.

Quality and service are interdependent. It is impossible to describe quality adequately without considering it from a customer's point of view. Quality excellence between Fire Department

personnel and the public will require an effective, ongoing, service-oriented training program that has a “customer focus”. Members need to understand that they will be held accountable for positive customer relations and must be well aware of how the quality of these relations will be measured. Good customer service is not just an attitude. It is a set of trainable skills.

The customer relations training program is designed to:

- Empower each employee with the skills necessary to achieve positive customer relations in the face of very difficult situations.
- Provide company officers with interpersonal and scene management skills necessary to deal with atypical or adverse situations, extraordinary circumstances and unpleasant conditions.
- Reduce each member’s stress by providing the competencies necessary to operate from a professional rather than emotional base.
- Provide department members with interpersonal skills, necessary knowledge to provide an excellent standard of care
- Reduce the medical/legal liability by improving the professional human relation skills of members who provide emergency medical care.

Policy: 105.05 Citizen Complaints

11/2023

PURPOSE

The purpose of the citizen complaint policy is to respond to the public in a courteous, caring and appropriate manner. All citizen concerns and/or complaints regarding Fire Department members and/or services will be addressed in a prompt, courteous, and positive manner.

GENERAL INFORMATION

Citizen complaints and/or concerns range from individual performance or nonperformance to the overall level of service delivery provided. Management and supervisory personnel will attempt to service and resolve complaints at the lowest appropriate level in the Department.

All complaints, including those from citizens wishing to remain anonymous, will be in written form. The written document will be forwarded to the Fire Chief or Deputy Fire Chief

COMPLAINTS RECEIVED BY FIRE ADMINISTRATION

Citizen complaints received in the Fire Department Administration Office will be directed to the Human Resources Department. All complaints alleging serious or criminal misconduct will be assigned to the law enforcement.

COMPLAINTS RECEIVED BY OTHER DIVISIONS OF THE FIRE DEPARTMENT

The person receiving the complaint will document citizen complaints. If a complaint pertains to serious misconduct, the Fire Chief will be notified immediately. The completed written document will be forwarded immediately to the Fire Chief so it can be recorded and assigned to the appropriate person for investigation.

INVESTIGATING COMPLAINTS

Each complaint received by the Department will be investigated thoroughly and promptly. Regardless of severity, each complaint should be regarded as an opportunity to examine our customer service at the point of contact.

Unless the complainant requests “no contact” the investigating officer should contact the complainant as soon as possible to inform the complainant that their concern is being addressed. Upon contact, the following steps should be performed:

- Inform the complainant of your name and rank and how you relate to the area of concern.
- Restate the complaint, as you understand it.
- Ask if your understanding of the complaint is correct.

- Reconcile any discrepancies.
- Ask complainant if they would like you to contact them when investigation is complete.
- **THANK THE COMPLAINANT FOR BRINGING THE CONCERNS TO YOUR ATTENTION.**
- Interview the individual/crew that the complaint was lodged against, and document the results.
- Discuss the call/incident that generated the complaint.
- Ask if anything unusual occurred.
- Describe the incident as related by the complainant.
- Discuss any discrepancies.

DISPOSITION

After considering all available information, the investigating officer will make one of the following findings:

- **UNFOUNDED:** The alleged act did not occur.
- **EXONERATED:** The act occurred but was justified, lawful and proper.
- **NOT SUSTAINED:** The investigation produced information insufficient to prove or disapprove the allegation.
- **SUSTAINED:** All or part of the act occurred as alleged. (A finding of "SUSTAINED" must be based on the existence of substantial fact in support of reasonable proof.)

DOCUMENTATION

The investigator will provide written documentation of his actions, stating the facts that include the statement/s of the individual/crew. In some cases, the investigator will need to obtain written statement/s from the individual/crew, which will be attached to the written complaint.

FOLLOW-UP

After the investigator has determined the appropriate "finding," a meeting should be held with the crew/individual named in the complaint, along with the shift representative, if requested. The purpose of the meeting is to discuss the finding and any pertinent information. If corrective action is required, it will be outlined at this time. Many complaints will fall in the "NOT SUSTAINED" and "EXONERATED" category. These incidents should be thoroughly examined from a customer

service point of view. The focus of the discussion concerning these incidents should be on how future encounters of a similar nature might be handled to avoid creating unhappy customers.

If the complainant requested follow-up, the investigator should, thank them for sharing their concerns and advise them that the complaint was investigated and proper action was taken.

THE WRITTEN COMPLAINT AND ALL ATTACHMENTS SHALL BE FORWARDED TO THE HUMAN RESOURCES DEPARTMENT

CITY COUNCIL LIAISON AND FOLLOW-UP

The Fire Chief or Deputy Fire Chief in charge of Personnel will act as a liaison to the City Council and/or City Manager's Office in responding to inquiries regarding citizen complaints.

CALIMESA FIRE DEPARTMENT

VOLUME 1 - ADMINISTRATION
Policy: 105.06 Acceptance of Holiday Gifts

11/2023

PURPOSE

The Acceptance of Holiday Gifts Policy is intended to incorporate the adopted Calimesa Code of Ethics as well as any previously established guidelines for all members of the Calimesa Fire Department.

POLICY

Each year questions arise as to the City's policy regarding holiday season gift giving or acceptance of holiday gifts.

City employees, including Fire Department employees, are not permitted to accept valuable or expensive gifts, liquor, or money in any form. However, gifts from one employee to another are not restricted.

Fire Department employees are not permitted to accept gifts from members of the community directed to us as individuals. Tokens of appreciation such as flowers, home-baked foods, candies or other like items are generally acceptable only if offered for all members of the Fire Department shift, or to members of the Fire Department as an organization as a whole, and which can be shared with all Fire Department personnel.

It is not the intent of the Calimesa Fire Department Administration to offend members of the community by direct refusal of a token of appreciation given in the spirit of Christmas or from heartfelt thanks for services in general. However, gifts not falling within the constraints of this policy are to be turned down with an expression of sincere appreciation and an explanation of our City Code of Ethics Policy.

In this manner, members of the Calimesa Fire Department can enjoy gifts that cannot be misconstrued as an attempt to influence, or as a reward for "special" services not available to other members of the community. Circumstances not covered in this policy shall be directed to the City Manager or the Fire Chief's Office for clarification if necessary.

In addition to the foregoing, employees and officials of the Fire Department who are "designated employees" in the City's Conflict of Interest Code within the meaning of the California Political Reform Act (Cal. Gov. Code § 81000 et seq.), shall comply with all applicable provisions of the Political Reform Act, FPPC regulations, and City policy regulating financial conflicts of interest.

Policy: 105.07 Civilian Ride Along

11/2023

PURPOSE

The purpose of the Civilian Ride-Along Policy is to provide structure for the implementation of a citizen ride-along program to allow civilians an opportunity to observe and understand the daily responsibilities of firefighters in the City of Calimesa.

POLICY:

In order for a citizen to participate in the Ride-Along Program, they shall meet the following minimum requirements:

1. Submit a Completed Ride-Along Application Form and waiver and release (Form 401.06);
2. Must be at least 16 years of age;
3. Must have no felony record; and
4. Must have a mature demeanor to observe serious or sensitive situations.

See also Form 101.08, Fire Station Use and Function.

Upon submission of the completed ride-along application, the Fire Chief or Deputy Chief shall review the application and approve or deny the ride along request application.

Citizen ride-along participants shall comply with Fire Department personnel's instructions and directives.

The Fire Department Management staff, and supervisors shall have the authority to revoke, postpone, or cancel a schedule citizen ride-along request at any time.

Civilian ride-along participants shall be escorted and supervised by Fire Department personnel.

When possible and applicable, Fire Department personnel shall obtain permission from all entities involved in fire department operation to allow the civilian ride-along participant to observe particular situations.

Civilian ride-along participants shall not wear fire department turnout gear, wildland gear, or fire department insignias on incidents that can be construed by others as the person being an official member of the Fire Department. Ride-along participants shall be allowed to wear Calimesa Fire Department traffic safety vest on Fire Department incidents for the purpose of providing better visibility to the individuals in poor visibility settings.

Civilian ride-along participants may elect to assist in participation of minor fire department chores at their discretion. A Waiver, Release and Discharge of Liability shall be signed by each adult and minor who participates in a ride-along. The waiver is part of the Civilian Ride Along Form 401.06.
