POLICY MANUAL
VOLUME 5
Policy: 501.04 Documentation**

11/2023

1 of 3

Purpose

The purpose of this policy is to ensure all City of Calimesa personnel are following Riverside County Emergency Medical Agency's (REMSA) policies and procedures regarding credentialing, scope of practice and operations. In accordance to California Emergency Medical Services Agency (EMSA) Title 22 and Riverside Emergency Medical Services Agency Manual.

Policy

Certification/License Tracking and Maintenance

Responsibilities of EMT-B, AEMT, and EMT-Paramedic Personnel

- It is the responsibility of every EMT-B, AEMT, and EMT-Paramedic employed by the City of Calimesa Fire Department to keep track of their own certifications.

Certification Expiration Awareness

- All EMT-B's, AEMT's, and EMT-Paramedic's must be aware of the expiration dates of their certifications and schedule recertification classes to be completed prior to those expiration dates.

Notification of Lapsed Certifications

- In the event of any lapse in certifications or licenses, the EMS Coordinator and Fire Chief will be notified immediately.

Certification and Licenses Requirements

Documentation and Reporting

Providing Updated Certifications and Licenses

- All EMT-B's, AEMT's, and EMT-Paramedics are required to provide undated copies of all certifications and licenses to the EMS Coordinator.

Timeliness of Documentation

- Certification and license documentation must be submitted promptly to ensure accurate record-keeping and compliance with regulatory requirements.

Record Keeping

- The EMS Coordinator will maintain accurate and up-to-date records of all certifications and licenses held by EMT-B, AEMT, and EMT-Paramedic personnel.
- Documentation for Operations and scope of practice retention training will be done on Target Solutions.

Recertification Process

Scheduling Recertification Classes

- Personnel are responsible for scheduling recertification classes in advance of the expiration dates of their certifications.

Compliance and Enforcement

Disciplinary Actions

- Failure to comply with the certification and licensing policy may result in disciplinary actions, up to and including termination of employment.

Appeals Process

- Personnel have the right to appeal any disciplinary actions taken as a result of non-compliance with this policy.

This policy manual is designed to ensure compliance with regulatory requirements and maintain the highest standards of professional certification and licensing within the City of Calimesa Fire Department. Personnel are expected to familiarize themselves with this manual and adhere to its provisions.
