## PERFORMANCE EVALUATION FORM

### Evaluator

Name: \_\_\_\_\_ ID: \_\_\_\_\_ Rank: \_\_\_\_\_ Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

### Employee

Name: \_\_\_\_\_ ID: \_\_\_\_\_ Rank: \_\_\_\_\_ Hire Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

Review Covers Period From: \_\_\_\_/\_\_\_\_/\_\_\_\_ To: \_\_\_\_/\_\_\_\_/\_\_\_\_

### Type of Review

- ☐ Three-Month Probationary Review
- ☐ Six-Month Probationary Review
- ☐ Twelve-Month Probationary Review
- ☐ Eighteen-Month Probationary Review
- ☐ Annual Performance and Development Review

### Instructions

Using the scale below, evaluate the performance of the person being evaluated for each performance standard listed. Then give an overall evaluation for the job factor.

The overall evaluation of the job factor may not be merely an average of the evaluations of each standard as some of the standards may be more important than others for this person's position. Weights assigned to factors should be applied uniformly to all employees who are in both the same job classification and work environment.

### Rating Scale

(NA) - Not Applicable – The employee had no opportunity to perform this task during the rating period.

(U) - Unsatisfactory – Overall performance had too many errors or problems (with respect to quantity, quality, timeliness and/or creativity) on the task for this position during the rating period. Performance did not meet the expectations for the position. If there was a previous overall "Improvement Expected" rating, little or no improvements have been noted. Performance at this level hurt the work unit's ability to accomplish its purpose.

(I) Improvement Expected – Overall performance was inconsistent (with respect to quantity, quality, timeliness, and/or creativity) on the tasks for this position during the rating period. Performance did not meet the expectations for the position on a regular basis. If improvement to the Successful level is not demonstrated, performance at this level will be considered Unsatisfactory.

(S) Successful – Overall performance met expectations (with respect to quantity, quality, timeliness, and/or creativity) on the tasks for this position during the rating period. The individual performed the job in the proper manner, with little or no problems, on a regular basis, and with minimal supervision.

(HS) Highly Successful – Overall performance “often” exceeded expectations (with respect to quantity, quality, timeliness, and/or creativity) on the tasks for this position during the rating period. This employee not only got the job done, but he or she often went above and beyond what was expected.

(O) Outstanding – Overall performance “consistently” exceeded expectations (with respect to quality, quantity, timeliness, and/or creativity) on the tasks for this position during the rating period. This performance can best be described as rare and unusual with respect to what an individual puts into a job during a rating period.
